PRODUCTS

Great conversations start here.™

2019

TIME HAS A WONDEFUL WAY OF SHOWING US WHAT REALLY MATTERS.

HONESTY. INTEGRITY. LOYALTY. QUALITY

From a small store front building on Central Avenue in Newark, New Jersey, the Garfunkle legacy was born. With little money, a tremendous amount of knowledge and the determination, Eleanor (known as Ellie) and Morris (fondly known to all as GAR), started their amazing journey.

Chair product by chair product, barstool element by barstool element; they were determined to seek out a living. Their product was built better. They were immensely loyal to the few clients they had always looking to secure their trust with honesty and integrity.

Let's fast forward to 2019. Here we are in Lakewood, NJ in a 102,000 sq. foot state of the art facility on the backs of their children, under the astute eye of their son and his wife, the legacy continues. We have never strayed from our core values of honesty, integrity, loyalty, and quality.

Start your journey into our continued legacy and always remember:

"GREAT CONVERSATIONS START HERE"

36

VERA SIDE CHAIR PSPB

Reintroducing a classic dining chair from a bygone era. The Vera is more than a look, it's a pleasure to sit on. The matching armchair and barstool offer stylish grace and comfort.

COMMITMENT

OUR PROMISE TO YOU

CORE VALUES

A lot has changed over the years, but the one thing that never will is our enduring commitment to delivering quality and value in each product that we manufacture.

QUALITY

According to the dictionary, "In business, engineering, and manufacturing, quality has a pragmatic interpretation as the non-inferiority or superiority of something. It is also defined as being suitable for its intended purpose while satisfying customers expectations." What a perfect description of our product line. We build in a reliable, maintainable and sustainable fashion.

AUTHENTICITY

With 63 years experience, GAR has learned to manufacture seating with a statement. Furniture with a flair for now without forgetting the past. Our statement for today.

HONESTY

Honesty permeates our relationships, processes, and products. As GAR always said, "Build with structural conviction and never compromise the truth"

INTEGRITY

Strong moral and uncompromising ethical principles and values. The word evolved from the latin adjective "Integer", meaning whole or complete. The value, beliefs, and principles of GAR best describe us as a leading manufacturer of commercial seating.

INNOVATION

New ideas, refreshed versions, daring to dream. We have created better solutions to deliver state of the art products. The ability to have a positive impact on the future of our marketplace. Our engineering mantra is "For every action, there is a reaction." Mr. GAR drilled that into our heads. We must build for the unknown. Unfortunately, our product may not be used for its intended purpose. We must over manufacture. We must over design. We must over engineer. Our innovations are dictated by our marketplace to meet the growing customer demand. It is definitely a catalyst for growth. Entrepreneurs continuously look for better ways to satisfy their customer with the first and foremost, improved quality, durability, service and price. GAR prides itself on advanced technologies and innovative organizational strategies.

Always remember,

"GREAT CONVERSATIONS START HERE"

WARRANTY PRODUCTS

INDOOR SEATING

GAR Products® warrants all standard indoor wood seating for a period of ten (10) years to be free from structural defects in frame material and craftsmanship under normal use and service, except for our Lounge series. Our Lounge series will be warranted for one (1) year. Any finish will be warranted for a period of one (1) year to be free from defects under normal use and service, except for genuine teak, faux teak and Thai teak. These finishes and/or slats require periodic maintenance therefore are not covered by our warranty. Any woven or rope material will be warranted for a period of one (1) year to be free from defects under normal use and service. This warranty does not include discontinued or closeout items. If there are exceptions to this warranty it will be noted on your order.

INDOOR TABLE BASES

GAR Products® warrants all standard indoor table bases for a period of ten (10) years to be free from structural defects in frame material and craftsmanship under normal use and service. Any finish will be warranted for a period of one (1) year to be free from defects under normal use and service. This warranty does not include discontinued or closeout items. If there are exceptions to this warranty it will be noted on your order.

INDOOR TABLETOPS

GAR Products® warrants all standard indoor tabletops for a period of one (1) year to be free from structural defects in material and craftsmanship under normal use and service. Any finish will be warranted for a period of one (1) year to be free from defects under normal use and service, except for genuine teak, faux teak and Thai teak. These finishes and/or slats require periodic maintenance therefore are not covered by our warranty. This warranty does not include discontinued or closeout items. If there are exceptions to this warranty it will be noted on your order.

4 SEASONS INDOOR/ OUTDOOR SEATING

GAR Products® warrants all 4 Seasons indoor/ outdoor seating for a period of three (3) years to be free from structural defects in frame material and craftsmanship under normal use and service. Any finish will be warranted for a period of one (1) year to be free from defects under normal use and service, except for genuine teak, faux teak and Thai teak. These finishes and/or slats require periodic maintenance therefore are not covered by our warranty. Any woven or rope material will be warranted for a period of one (1) year to be free from defects under normal use and service. Glides are not covered under any warranty. This warranty does not include discontinued or closeout items. If there are exceptions to this warranty it will be noted on your order.

4 SEASONS OUTDOOR TABLETOPS

GAR Products® warrants all outdoor tabletops for a period of one (1) year to be free from structural defects in material and craftsmanship under normal use and service. Any finish will be warranted for a period of one (1) year to be free from defects under normal use and service, except for genuine teak, faux teak and Thai teak. These finishes and/or slats require periodic maintenance therefore are not covered by our warranty. This warranty does not include discontinued or closeout items. If there are exceptions to this warranty it will be noted on your order.

CUSTOM PRODUCT

Custom order and/or designed product not otherwise identified explicitly in the product guide, is warranted for a period of one (1) year to be free from structural defects in frame material and craftsmanship under normal use and service. Any finish will be warranted for a period of one (1) year to be free from defects under normal use and service, except for genuine teak, faux teak and Thai teak. These finishes and/or slats require periodic maintenance therefore are not covered by our warranty. Any woven or rope material will be warranted for a period of one (1) year to be free from defects under normal use and service. Glides are not covered under any warranty. If there are exceptions to this warranty it will be noted on your order.

UPHOLSTERY

All indoor and outdoor upholstery materials are covered solely by the corresponding upholstery manufacturer's warranty. This warranty does not include discontinued or closeout items. If there are exceptions to this warranty it will be noted on your order.

ANY CLOSEOUT OR DISCONTINUED PRODUCT

GAR Products® warrants most closeout or discontinued item for a period of one (1) year to be free from structural defects in frame material and craftsmanship under normal use and service. Any finish will be warranted for a period of one (1) year to be free from defects under normal use and service, except for genuine teak, faux teak and Thai teak. These finishes and/or slats require periodic maintenance therefore are not covered by our warranty. Any woven or rope material will be warranted for a period of one (1) year to be free from defects under normal use and service. Glides are not covered under any warranty. If there are exceptions to this warranty it will be noted on your order.

A dark, rectangular table base is shown lying on a wooden floor. The floor is made of wide, dark wood planks with a visible grain. The table base is a solid, dark color, possibly black or dark grey, and has a smooth, slightly reflective surface. It is positioned diagonally across the frame, with one corner pointing towards the bottom left. The lighting is dramatic, with strong shadows and highlights that emphasize the textures of both the wood and the table base.

All design, heavyweight and professional line table bases can be customized with larger column diameters and glide options, and cut down to any specified height for additional charges.

INDOOR TABLE TOPS

We offer a wide variety of mitered Wood Edge table tops in Red Oak, Maple and Ash wood options. Our tops are manufactured with a choice of either a horizontal grade laminate or veneer top surface as chosen by you, and bonded to a 45-pound high-density particle board with a phenolic backing sheet. All wood edges are available to match our UV house finishes, standard with a catalyzed conversion satin sheen finish. Custom finishes are also available on request.

Please note the edge wood grains will vary slightly from the European Beech wood used for our wood furniture.

All Wood Edge table tops are FOB PA.

NOTE: Crating fees may apply.

CHOOSE YOUR EDGE

From a variety of edge profiles for each style.

If you have any queries about selecting an edge profile, our sales reps and customer service associates can help you. For more options and finish color choices, please refer to our Price List or our website.

SOLID PLANK WOOD

SOLID BUTCHER BLOCK

We offer Solid Wood table tops in both Butcher Block and Plank construction in Red Oak or Maple wood species.

Solid Plank Wood tops are constructed with wood planks in equal length and random widths, laid edge to edge in a variety of top sizes in either a 1 1/4" or 1 3/4" thickness.

Continuous Butcher Block Solid Wood tops are constructed with uniform widths of solid wood, laid back to back in a continuous pattern.

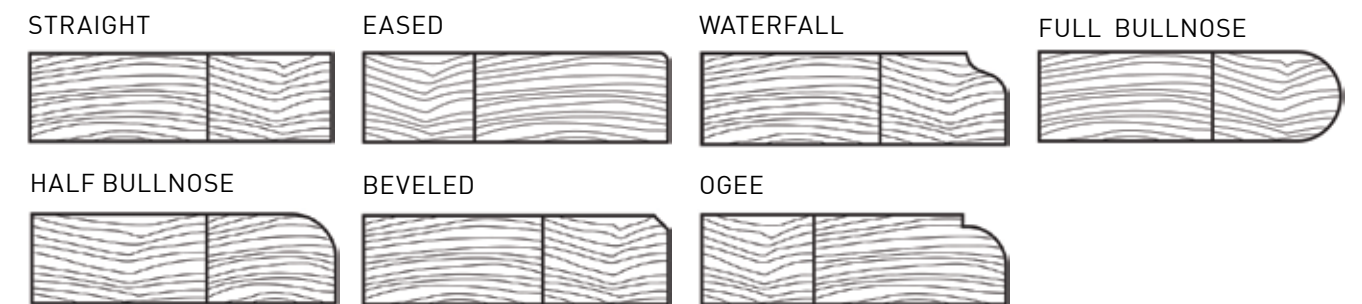

Continuous Butcher Block tops are available in a variety of top sizes with either a 1 1/2" or 1 3/4" thickness.

The choice of stain to match GAR UV or lacquer finish colors are standard on all Solid Wood table tops. Custom stains are also available on request. All Solid Wood tops come standard with a durable Catalyzed Conversion Varnish.

All Solid Wood table tops are FOB WI.

NOTE: Crating fees may apply.

SOLID WOOD PLANK EDGE PROFILES

SOLID WOOD BUTCHER BLOCK EDGE PROFILES

We are excited to now offer barnwood table tops manufactured from reclaimed lumber. These table tops have a thickness of 1.5" and are available in either White Oak or Walnut. They come standard with an eased edge and has a low sheen commercial grade finish. Additional edge options are available upon request. All knots are filled with a black epoxy resin.

Please note the wood grains will vary from table top to table top.

All Barnwood table tops are
FOB PECULIAR, MO

NOTE: Crating fees may apply.

SYNTHETIC EDGE

We offer three types of Synthetic Edge table tops: 3mm PVC, Vinyl Bullnose or Special Vinyl Bullnose edges, each available in a variety of colors. Our synthetic edge tops are manufactured to be used with either horizontal grade laminate or veneer surface. Top layer is bonded to 45-pound high-density particle board with a phenolic backing sheet.

All Synthetic Edge table tops are FOB PA.
NOTE: Crating fees may apply.

PADDED EDGE

Padded table tops help eliminate the clattering sounds of china, stemware and silverware, offering your guests a silent fine dining experience. GAR Products® Padded Edge table tops are made of high density particle board wrapped with foam and covered with vinyl. The standard vinyl is Garyhde White. A custom plywood substrate is also available on request. All square to round Padded Edge table tops come standard with two table top hinges and one slide bar per leaf. Please note that round table tops with a diameter of 54" or larger will have a seam in the padding.

All Padded Edge table tops are FOB NJ.
NOTE: Crating fees apply.

If you have any queries about selecting an edge profile, our sales reps and customer service associates will help you. For more options and finish color choices, please refer to our Price List or our website.

NAILHEADS

Most of our chairs can be designed to accommodate decorative nailhead trimmings. Never laid out by machine, our craftspeople apply nailheads by hand, individually, in a nail-to-nail pattern.

FOOTRINGS

All our circular barstools come standard with brass-plated footrings. You can also change them to chrome at no extra charge.

GLIDES

All our wood chairs come standard with nylon glides. For an additional charge, glides can be upgraded to felt-tip or rubber cushion.

LEG PROTECTORS

Leg protectors go a long way in conserving the finish of your chair or barstool. Available in black or opaque. NOTE: All leg protectors must be installed with a heat gun or can be factory installed.

FOOTRESTS

Each of our barstools comes with a brass footrest. You can choose from any of the finishes on the left at no extra cost. You can also upgrade to a U-Channel in lieu of a standard footrest on select models.

CASTERS

Adding front leg casters to your chair can make it more accessible. Easy to use and move. Ask your sales rep or the GAR customer service team which of our chairs can accept front casters.

OUR STANDARD NAIL FINISH IS ANTIQUÉ BRASS. ALL OTHER FINISHES ARE AVAILABLE AT NO EXTRA COST.

FINISHES

LACQUER

Many of our models come with a pre-finished lacquer finish. Hard and durable, lacquer remains the choice finish material for furniture because it blends well with the natural grain and coloring of numerous wood species, and is quick to dry. It also gives a smoother and more polished surface than water-based coating systems and can be buffed to a beautiful high gloss once cured.

Lacquer finishes vary from model to model based on the country of origin of our frame builder. Due to the difficulty in maintaining lacquer finish consistencies across multiple sources, GAR Products® will not be responsible for finish variances.

LACQUER FINISHES OPTIONS VARY BY MODEL.

FINISHES

ULTRAVIOLET

Our patented ultraviolet finishing process to apply sealants and top coatings to our furniture is one of the most cutting-edge systems in the market today. The finishes used by most furniture manufacturers emit Volatile Organic Compounds (VOCs), which can escape as airborne pollutants and toxins that are harmful to humans. Our process captures 97% of these toxic VOCs by using specially formulated water-based finishes that are cured in seconds with ultraviolet energy. And being nearly 13 times cleaner than the strictest pollution control regulations in the U.S., it's better for the planet too.

Wood is a product of nature, which varies from tree to tree and piece to piece. The beauty of wood is its grain. The samples displayed are digital photographs of our UV house finishes shown on Beech wood. Actual finish samples and products may vary. Wood samples are available upon request.

4 SEASONS OUTDOOR

OUTDOOR SEATING

RAIN OR SHINE. ON THE VERANDA OR AROUND THE DINING TABLE. OUR VERSATILE 4 SEASONS COLLECTIONS ARE WINNERS INSIDE OR OUT.

THE ISIMAR MISSION IS TO MAKE DESIGNS THAT EXPRESS THE MEDITERRANEAN LIFESTYLE.

THEIR COLLECTIONS COMMUNICATE THIS UNIQUE MIX OF CULTURE AND PASSION FOR LIFE, AIMING TO MAKE YOUR SPACE FEEL INVITING, RELAXED, SUSTAINABLE AND PLAYFUL. JOIN US, "BE MEDITERRANEAN."

INTRODUCING *iSiMAR* x GAR

THE ART OF
THE WELD AT
THE *iSiMAR*
FACTORY IN
PAMPLONA,
SPAIN.

BE MEDITERRANEAN.

iSiMAR PERFECTS THE MEDITERRANEAN PHILOSOPHY OF LIFE OUTSIDE.

Models stimulate our imagination and inspire a wide palette of colors. Their mission is to make designs that express the Mediterranean lifestyle and culture. Furniture must have passion for life. The ultimate goal is to create a space that feels inviting, relaxed and playful. Ultimately, we should all be happy.

iSiMAR origins was making galvanized and aluminum rods for their local market. In 2010 they were catapulted into designing furniture and re-inventing their own identity. Being proud to keep alive the spirit of their founders while using noble and recyclable materials (galvanized steel rods and aluminum) for fabrication of their furniture. They show the same dedication to giving life to the outside world and transmitting their Mediterranean essence as GAR does with their indoor furniture. That means appreciating the value of small moments and

enjoying the company of family and friends, moments of joy and fun.

Through innovation and know how, *iSiMAR* has continuously reinvented themselves by changing their product line to reflect market needs. We think this runs parallel to our own story.

Today they concentrate on metal furniture inspired by the Mediterranean sea. *iSiMAR* references the smells, the taste and especially the sun and the sea. The product is suitable for the commercial market inside and outside as they use galvanized steel and aluminum. *iSiMAR* truly cares about the environment by using only recycled and recyclable materials. They instituted a minimum scrap policy and 100% scrap management. The final product is resistant to the water, resistant to ultraviolet beams, and requires low maintenance.

BE MEDITERRANEAN.

CARE AND MAINTENANCE

TEAK

All of our teak is naturally grown and will have varying color and grain in each piece. Proper care and cleaning will enhance and maintain the natural beauty of the wood. Left by itself, the teak will develop a silver-gray patina. For general cleaning when removing dirt, moss and surface stains, use a sponge or a soft cloth and clean with a solution of, 2 ounces of dishwashing soap with, 8 cups of lukewarm water. Make sure to rinse completely with clean water and allow time to air dry before use. For further care and protection of your teak furniture use Golden Care protection products. Please note that retreatment will be required as all protective finishes are not permanent.

METAL CARE

In general our metal furniture can be cleaned with clean water or non-detergent soap.

Abrasive sponges, detergent, abrasive powders should not be used to clean our metal furniture.

For dirt, crayons, black scuff marks or any similar marks that are more heavily ingrained, a window-cleaning product that contains alcohol or specific product such as star brite Multi-Purpose Cleaner should be used.

CARE AND MAINTENANCE

ROPE WEAVE

We recommend to simply wash it with mild soap and water solution, rinse and allow to dry thoroughly.

STAINLESS STEEL

Scratches in stainless can be buffed out with Scotch-Brite™ pads or very fine grit sand paper (steel wool is not recommended due to the mild steel fibers contaminating the stainless surface, therefore leaving rust colored stains). It is also recommended that the surface of the grain is followed in the same direction when buffing out scratches. Stainless, although very resistant to corrosive environments, does require periodic care and maintenance. Cleaning is necessary on all grades of stainless to prevent corrosive particles from gathering in the grain of the stainless surface. This results in a rust colored staining. Weekly cleaning with a good stainless cleaner will keep the surface free from corrosive particles. In environments where there is salt, chlorine or air pollution present, a weekly cleaning with water and liquid detergent followed by drying will keep the stainless surface free from contamination. If staining has occurred, the surface can be cleaned with a nonabrasive kitchen cream cleanser and a light coat of a good quality protective spray such as Fluid Film® can be applied.

CARE AND MAINTENANCE

SOLID SURFACE ACRYLIC

GENERAL CLEANING

All table tops and fabricated sheet goods can be cleaned by using soap and water. Apply soap and water with a sponge or damp cloth, then towel dry to eliminate water spots.

PROTECTING THE SURFACE

All table tops and fabricated sheet goods are resistant to most household cleaners. Table tops and sheet goods should NOT be exposed to chemicals such as paint remover, metal cleaner, oven cleaner, acetone, nail polish remover, abrasive cleaner, and acid drain cleaner. Protect the finish with acrylic polish such as Countertop Magic® or furniture polish.

All surfaces should NOT be exposed to direct heat. The use of insulated mats underneath hot objects will avoid damage to your surface.

CARE AND MAINTENANCE

SUNBRELLA®

CONTENTS: 100% solution dyed acrylic

WEIGHT: Approximately 8.0 ounces per sq. yard

WIDTH: 54 inches

FLAMMABILITY: Meets California Technical Bulletin #117 Sec. E (CS-191-53)

CLASSIFICATION: 1 Normal flammability

ADDITIONAL INFORMATION: Solution dyed to give excellent fade and weather resistance. Made from 100% dyed acrylic fiber which is thermoplastic. DO NOT SUBJECT TO EXCESSIVE HEAT. When Sunbrella® fabric is stored, it should be cleaned, allowed to dry and stored in a dry, well ventilated area. Sunbrella® Care and Cleaning Performance moisture-resistant fabrics are extremely easy to keep clean and beautiful. Proper maintenance, vacuuming regularly and rotating seat cushions frequently keeps your furniture looking good and promotes long fabric life.

GENERAL CLEANING METHODS

Brush off dirt before it becomes imbedded in the fabric, wipe up spills as soon as they occur, and spot-clean by sponging cushions with mild soap and warm water.

MACHINE-WASHING

Remove cushions from cushion covers. Machine-wash fabric in cold water with mild laundry soap, or use 7 parts bleach to 3 parts cold water, hang and allow to air-dry.

HAND-WASHING

Soak fabric in a solution of ¼-cup mild soap per gallon of lukewarm water. Use a sponge or a soft bristle brush as necessary. Rinse thoroughly with clean water. Hang and allow to air-dry. These fabrics usually air-dry very quickly.

SPOT-CLEANING UPHOLSTERED PIECES

Apply a light mist of mild soap and water using a spray bottle. Remove the stain with a sponge or a very soft bristle brush. Rinse with clean water and air-dry, blotting or wet-vacuuming excess water. Repeat until all soap residue is removed.

OUR STORY

For nearly 63 years GAR Products has been on a journey - one that started from humble surroundings in Newark, New Jersey and marched steadily south towards our current vision in Lakewood, New Jersey. Founded by Ellie and "GAR", then taken over by Ellen and Jay, the fairy tale of GAR Products continues.

At GAR Products, we believe we are the stewards of the land - dedicated to being environmentally and socially responsible to not only our community, but to all of our clients nationwide. To us, sustainability goes beyond ethical practices; it's who we are. It is our mission to be good to the earth and socially aware.

From our team to yours, all aboard our train. Can't wait for you to experience where our company was, is and will be.

Welcome Aboard!

“Where the spirit does not work with the hand, there is no art”

- Leonardo Da Vinci
